McBRIDE, LOCK & ASSOCIATES

INDEPENDENT AUDITORS' REPORT

To the County Commission and Officeholders of Vernon County, Missouri

We have audited the accompanying financial statements of Vernon County, Missouri as of and for the years ended December 31, 2011 and 2010, which collectively comprise the County's basic financial statements as identified in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

As described more fully in Note 1, Vernon County, Missouri has prepared these financial statements using accounting practices prescribed or permitted by Missouri Law, which practices differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to in the first paragraph do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Vernon County, Missouri, as of December 31, 2011 and 2010, or the changes in its financial position for the years then ended.

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of the funds of Vernon County, Missouri, as of December 31, 2011 and 2010, and their respective cash receipts and disbursements, and budgetary results of these funds for the years then ended, on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we also have issued our report date June 15, 2012, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting

and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Vernon County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

(Original Signed by Auditor)

McBride, Lock & Associates June 15, 2012

VERNON COUNTY, MISSOURI NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2011 and 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Vernon County, Missouri ("County") is governed by a three-member board of commissioners. In addition to the three board members, there are nine elected Constitutional Officers: Assessor, County Clerk, Circuit Clerk, Recorder, Coroner, Prosecuting Attorney, Public Administrator, Sheriff, and Treasurer – Collector.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County's operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Vernon County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, offices that are considered to comprise the County's legal entity.

Certain elected County officials, particularly the Collector/Treasurer and Sheriff, collect and hold monies in a trustee capacity as an agent of individuals, taxing units, or other governments. These assets, which are held by these officeholders for the sole benefit of external parties, are not reported on the accompanying financial statements.

B. Basis of Presentation

Governmental Funds - Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County's funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds.

C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable

or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. In accordance with Chapter 50 RSMo, the County's policy is to adopt a budget for each governmental fund.
- 2. On or before the second Monday in January, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
- 3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
- 4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
- 5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
- 6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
- 7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
- 8. Budgets are prepared and adopted on the cash basis of accounting.
- 9. Adoption of a formal budget is required by law. However, the County did not adopt a formal budget for the Bond Reserve Fund in 2011 and 2010.

- 10. Section 50.740 RSMo. prohibits expenditures in excess of the approved budgets. Actual expenditures did exceed budgeted amounts for the Bond Reserve. Because a budget was not adopted for the Bond Reserve Fund as noted in 1.D.9, expenditures in the Bond Reserve exceeded budgetary authority to the extent that a budget was not adopted in years 2011 and 2010.
- 11. Section 50.1610 and Section 50.740, RSMo require that counties prepare budgets that balance proposed expenditures with estimated revenues and other sources of financial resources. Accordingly, counties are not authorized to have deficit budgeted fund balances. The General Revenue Fund budget in 2010 carried a deficit fund balance. The County considers property taxes received by the Collector on December 31 of the fiscal year but not received by the General Fund until January of the subsequent year to be additional resources available to finance the current years' budget. At December 31, 2010, the \$260,000 of property taxes were held by the collector pending distribution to the County's General Revenue Fund.
- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in October and November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2011 and 2010, for purposes of taxation were:

| | 2011 | 2010 |
|------------------------|-------------------|-------------------|
| Real Estate | \$ 155,065,370 | \$ 153,775,910 |
| Personal Property | 58,876,951 | 52,856,326 |
| Railroad and Utilities | 17,316,693 | 15,069,959 |

During 2011 and 2010, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property for the calendar years 2011 and 2010, for purposes of County taxation, as follows:

| | 2011 | 2010 |
|-----------------|--------------|--------------|
| General Revenue | \$ 0.1638 | \$ 0.1713 |

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of

Missouri or other government bonds, or time certificates of deposit, purchased at a price at or below par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing.

Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Cash Equivalents" caption.

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2011 and 2010, the carrying amounts of the County's deposits, were \$1,910,047 and \$1,609,320, respectively, and the bank balances were \$2,071,224 and \$1,251,430, respectively. Of the bank balances, \$302,162 and \$295,453 for December 31, 2011 and December 31, 2010, respectively, were covered by federal depository insurance and the remainder were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

At December 31, 2011 and 2010, the County Collector held, in addition to the cash and cash equivalents listed above, cash representing collections of property taxes on behalf of various taxing districts in the County, including the County General Revenue fund. Tax Collections on deposit amounted to \$8,298,121 and \$7,760,727 at December 31, 2011 and 2010, respectively. The County Collector's deposits were covered by federal depository insurance of \$250,000 as of December 31, 2011 and 2010, and the remainder was covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

3. COUNTY EMPLOYEES' RETIREMENT PLANS

The following information is presented in accordance with the Governmental Accounting Standards Board Statement 27 (GASB 27), "Accounting for Pensions by State and Local Governmental Employees"

A. Missouri Local Government Employees Retirement System (LAGERS)

1) Plan Description

Vernon County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section RSMo 70.600-70.755. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt. The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. 1665, Jefferson City, Missouri 65102 or by calling 1-800-447-4334.

2) Pension Benefits

Upon termination of employment, any member who is vested is entitled to either an unreduced benefit annuity, payable at age sixty (police and fire fighters, age fifty-five), or a reduced benefit annuity, payable at age fifty-five (police and fire fighters, age fifty).

3) Funding Policy

Participation in the plan is mandatory for full-time employees with six months service. Part-time employees are not eligible to participate in the plan. Employees do not contribute to LAGERS. Employer contributions are determined each year by LAGERS' actuary and are based on level-percent-of-payroll funding principles so the employer contributions rate may remain level over time. For 2011 and 2010, total payments to LAGERS were \$151,194 and \$135,869 respectively.

B. County Employees' Retirement Fund (CERF)

The County Employee's Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee

per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of nine persons.

2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, P.O. Box 2271, Jefferson City, MO 65102-2271, or by calling 1-573-632-9203.

3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. All participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. During 2011 and 2010, the County collected and remitted to CERF employee contributions of approximately \$33,804 and \$33,841, respectively, for the years then ended.

4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

5. CLAIMS, COMMITMENT AND CONTINGENCIES

A. Compensated Absences

The County provides full-time employees with up to 30 days of sick time, to accrue at one and one half day per complete calendar month of employment. Upon termination, the

employee is not compensated accrued sick time. Vacation time is accrued for every full-time employee, and accrues at the rate of 5 days per year up to two and 20 days per year depending on length of employment. Employees must use vacation time in the year it is earned.

B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

7. LONG TERM DEBT

The County had the following debt outstanding at December 31, 2011:

A. Bonds Payable:

The County issued certificates of participation bonds to provide funds for the construction of a new law enforcement facility and to repay the related bond anticipation notes. The County created a Law Enforcement Sales Tax Fund and a Bond Reserve Fund in which the activity for this project and the bond reserve are recorded. Sales tax revenue bonds are payable from a one-half cent sales tax plus the interest from the Bond Reserve fund. The County debt at December 31, 2011 consisted of the following Certificates of Participation:

1) Certificates of Participation:

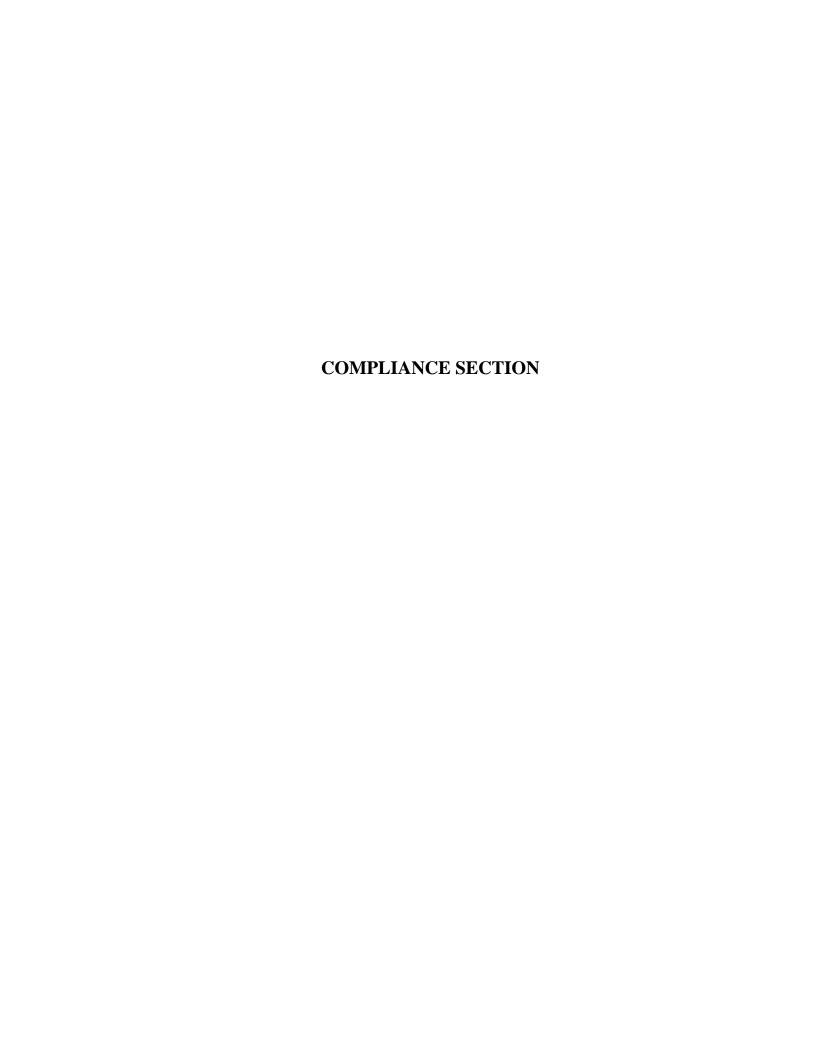

\$8,905,000 outstanding as of December 31, 2011; Certificates of Participation Series 2007, issued for the Law Enforcement Project, due in semi-annual installments of \$174,444 and \$569,444, interest at 3.7% through October 1, 2012; \$134,126 to \$609,126, interest at 3.75% to 3.95% through October 1, 2017; \$70,374 to \$670,374, interest at 4% to 4.2% through October 1, 2023; \$15,520 to \$725,620, interest \$4.25% to 4.4% through maturity at October 1, 2027.

8. CHANGE IN REPORTING ENTITY

The County has changed its definition of the reporting entity, as of January 1, 2010, to include the Recycling Income, United Way Dare and Payment in Lieu of Tax funds, as these funds are fiduciary in nature. The effect of the aforementioned change in reporting entity is to increase cash balances of the governmental funds as previously reported at December 31, 2009 by the amount representing cash balances of the Recycling Income and United Way Dare funds, which were \$13,305 and \$950, respectively.

9. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2011 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through June 15, 2012, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.

CERTIFIED PUBLIC ACCOUNTANTS

McBRIDE, LOCK & ASSOCIATES

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the County Commission and Officeholders of Vernon County, Missouri

We have audited the accompanying financial statements of Vernon County, Missouri as of and for the years ended December 31, 2011 and 2010, which collectively comprise the County's basic financial statements as identified in the table of contents, and have issued our report thereon dated June 15, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Vernon County is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Vernon County, Missouri's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Vernon County, Missouri's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Vernon County, Missouri's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph in this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs as item 1, that we consider to be a significant deficiency in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Vernon County, Missouri's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and are described in the accompanying schedule of findings and questioned costs as items 2 and 3.

We also noted two matters that we reported to management of Vernon County, Missouri, in the accompanying schedule of findings and questioned costs section as item 4 and 5.

Vernon County, Missouri's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Vernon County, Missouri's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the County Commission, County Officeholders, the Missouri State Auditor, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CERTIFIED PUBLIC ACCOUNTANTS

McBRIDE, LOCK & ASSOCIATES

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the County Commission and Officeholders of Vernon County, Missouri

Compliance

We have audited Vernon County, Missouri's (County) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on the County's major federal programs for the years ended December 31, 2011 and 2010. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of federal findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on major federal programs occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that could have a direct and material effect on its major federal programs for the years ended December 31, 2011 and 2010.

Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audits, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal programs to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies as described in the accompanying schedule of findings and questioned costs as items 2011-1 and 2011-2. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Vernon County's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the County's response and, accordingly, we express no opinion on the response.

This report is intended solely for the information and use of the County Commission, County Officeholders, the Missouri State Auditor, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

VERNON COUNTY, MISSOURI NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEARS ENDED DECEMBER 31, 2011 AND 2010

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) summarizes activity of the County's federal award programs. The schedule has been prepared on the cash basis of accounting.

NOTE B – MATCHING REQUIREMENTS

Certain Federal programs require that the County contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has complied with the matching requirements. The expenditure of non-Federal matching funds is not included on the Schedule.

NOTE C – SUBRECIPIENTS

The County provided no federal awards to sub-recipients during the years ended December 31, 2011 and 2010.

VERNON COUNTY, MISSOURI SCHEDULE OF FINDINGS AND QUESTIONED COSTS (INCLUDING MANAGEMENT'S PLAN FOR CORRECTIVE ACTION) YEARS ENDED DECEMBER 31, 2011 AND 2010

2011-1. Incorrect Schedule of Expenditures of Federal Awards (SEFA)

2011-2. Document Retention

SECTION IV – FOLLOW-UP ON PRIOR YEAR'S FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None

FINDINGS AND RECOMMENDATIONS

VERNON COUNTY, MISSOURI FINDINGS AND RECOMMENDATIONS

MATERIAL WEAKNESSES IN INTERNAL CONTROL

None

SIGNIFICANT INTERNAL CONTROL DEFICIENCIES

1. Bond Reserve Monitoring and Reporting

<u>Condition</u>: A bond reserve was established in connection with the County's issuance of certificates of participation to finance the costs of the County Law Enforcement Facility in 2007. The Reserve Fund for the Certificates was established pursuant to the Declaration and was required to be funded at the time of the delivery of the Certificates from proceeds of the Certificates in an amount equal to \$744,086 (the "Reserve Requirement"). The reserve is to remain invested until the certificates of participation are paid in full in 2027, with the balances of the fund is to be used toward the final bond payment.

The interest earned by the fund and sales taxes collected by the County are used toward the payments of these certificates. While the bond reserve was presented in the County's published financial statements, the reserve fund is included in the Budget under County Long Term Debt as a reduction of long term debt. However this does not include associated transactions in the County's annual budget. The omission of cash and disbursement transactions from the County's central accounting system misstates the financial statements and also weakens internal control by reducing the oversight and monitoring functions pertaining to the disbursement of the funds and the repayment of the related debt.

<u>Recommendation</u>: We recommend that the County record all transactions associated with the Bond Reserve in the County's accounting system. These transactions and balances should also be included in the annual County Budget.

<u>County's Response</u>: The County is required to have a bond reserve fund and those funds are managed outside of the County's regular funds. The County will review prior history provided by the Trust company for the funds held in the bond reserve and start a new fund which simply mirrors the activities of the account held by the Trust Company.

Auditor's Evaluation: The stated corrective action is responsive to the recommendation.

ITEMS OF NONCOMPLIANCE

2. Budgetary Compliance

<u>Condition:</u> We noted two areas of noncompliance with State Statutes regarding the County's budgeting process during 2011 and 2010, as follows:

- a) Adoption of a formal budget is required by law. However, the County did not adopt a formal budget for the Bond Reserve Fund in Fiscal year 2011 and 2010.
- b) Actual expenditures exceeded budgeted expenditures for the Bond Reserve Fund in fiscal year 2011 and 2010 because a budget was not adopted for the Fund.

<u>Recommendation</u>: We recommend the County Commission and County Clerk ensure compliance with State Statutes and the Missouri Constitution by adopting a formal budget for all funds and refrain from approving proposed expenditures in excess of budgeted amounts.

<u>County's Response:</u> The County is required to have a bond reserve fund and those funds are managed outside of the County's regular funds. The County will review prior history provided by the Trust Company for the funds held in the bond reserve and start a new fund which simply mirrors the activities of the account held by the Trust Company.

Auditor's Response: The stated corrective action is responsive to the recommendation.

3. Procurement Procedures

<u>Condition:</u> The County was unable to locate the procurement documentation in regards to selecting a car dealership from which to lease two sheriff patrol vehicles. RSMO 50.660 states "All contracts and purchases shall be let to the lowest and best bidder after due opportunity for competition."

<u>Recommendation:</u> We recommend that the County Clerk develop and implement procedures to ensure adequate record retention.

<u>County Responses:</u> The Sheriff's Office states that the dealership where these patrol vehicles were leased is the only company available that has no mileage restrictions on leased vehicles. Therefore, a single source allowing for their purchase. We do realize that was not noted in the minutes. The Commission and the Clerk will see that statement is included in any single source purchase. All officials will be reminded of the bidding laws.

<u>Auditor's Evaluation:</u> The stated corrective action is responsive to the recommendation.

OTHER MATTERS

In planning and performing our audit of the financial statements of Vernon County, Missouri (the County) as of and for the years ended December 31, 2011 and 2010, in accordance with generally accepted government auditing standards, we considered the County's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the County's financial statements and not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

However, during our audit we became aware of certain matters that are opportunities for strengthening internal controls and operating efficiency. Our comments and suggestions regarding those matters are summarized below. We previously reported on the County's internal control in our report dated June 15, 2012. (A separate report dated June 15, 2012 contains our report on significant deficiencies in the County's internal control.) This document does not affect our report dated June 15, 2012.

4. Accounting for Transfers

<u>Condition:</u> The County's financial statements as presented in the annual budget should record all transfers. The auditors noted that transfers between the General Revenue, Special Road and Bridge, and Assessment funds were generally accurate, transfers to and from other funds were not always properly classified.

The audit noted seven instances in which expenses had been misclassified as transfers out. The audit also noted an instance in which a transfer in was misclassified as an intergovernmental revenue. It is important that transfers between funds be accounted for and reported as such. Failure to do so places the County at greater risk for inaccurate reporting of expenses and revenues.

The financial statements presented in this report have been revised to balance transfers in and transfers out between funds.

<u>Recommendation:</u> We recommend that the County ensure that transactions between funds are recorded as transfers in and out and that they are in balance at all times. Other types of transactions should not be presented in the Transfers category.

<u>County's Response:</u> In 2012 a new budget line within the General Fund called transfers-in was created in hopes this will segregate the transfers to one budget line allowing for a more efficient tracking system.

Auditor's Evaluation: The stated corrective action is responsive to the recommendation.

5. Timely Filing of Collector's Annual Settlement

<u>Condition:</u> The Collector filed annual settlements later than the due date of the first Monday in March 2011 and 2012. The settlement for 2010 was certified on April 22, 2011 and the settlement for 2011 was certified on April 2, 2012.

<u>Recommendation:</u> We recommend the County Collector establish procedures to ensure that future settlements are submitted by the required date.

<u>County's Response:</u> The Collector's association will be trying to change this law in the 2013 legislative session. This law does not allow adequate time for the collector's to receive statements for balancing the annual settlement. The delinquent tax books must be printed and checked for accuracy as well as continued daily work of collecting delinquent taxes, distributing the taxes to all political sub-divisions. Therefore making it impossible to meet the first Monday in March deadline as required by the state statute.

Auditor's Evaluation: The stated corrective action is responsive to the recommendation.

FEDERAL FINDINGS AND QUESTIONED COST

2011-1: Incorrect Schedule of Expenditures of Federal Awards (SEFA)

<u>Condition:</u> The County Clerk did not prepare an accurate SEFA for the years ending December 31, 2010 and 2011. Reporting was based on reimbursements received for CFDA Number 16.710 rather than expenditures incurred during the year. As a result, expenditures were understated on the draft SEFA by \$6,010. The December 31, 2011 Schedule of Expenditures of Federal Awards included with this report has been adjusted to correct this condition.

<u>Recommendation:</u> We recommend that County Clerk implement procedures to ensure that federal expenditures incurred during the year are reported on the Schedule of Federal Expenditures.

<u>County Response:</u> The Clerk's office will enlist the cooperation of each division in determining if funds deposited include expenses from the previous year.

<u>Auditor's Response:</u> The stated corrective action is responsive to the recommendation.

2011-2: Document Retention

<u>Condition</u>: The County was unable to provide the grant agreements, inclusive of the identifying numbers for six grants (CFDA 16.580, 20.607, 20.600, 93.563, 93.569, 97.036) passed through four different state agencies.

<u>Recommendation:</u> We recommend that the County Clerk develop and implement procedures to ensure adequate record retention.

<u>County Response</u>: It is the County's understanding that not all state agencies of federal agencies provide a pass through entity identifying number. If those are available I believe it is the responsibility of the pass through agency to provide them to the county and we should not be written up if the information is not included as part of the application or award documentation provided from the agency.

<u>Auditor's Evaluation:</u> The County needs to maintain proper filing of grant agreements.

VERNON COUNTY, MISSOURI SCHEDULE OF PRIOR YEAR AUDIT FINDINGS

In accordance with Government Auditing Standards, this section reports the auditors' follow-up on action taken by Vernon County, Missouri, on the applicable findings in the prior audit report issued for the two years ended December 31, 2009 and 2008.

1. The Reserve Fund and associated transactions are not included in the County's annual budget.

Status – Not resolved. See finding No. 1.

2. The County did not exercise adequate budgetary control over funds which incurred expenditures in excess of the authorized budgeted levels.

Status - Not resolved. See finding No. 2.

3. The County has not adopted an investment policy as required by State Statutes.

Status – Resolved.

4. Transfers were not always properly identified and in balance.

Status – Not resolved See finding No. 4.
